

Châteauneuf-du-Rhône, March 16th 2013

Dear Mrs., dear Mr.,

S.F.A., the French branch of the International Society of Arboriculture organizes since 1987 the French Championship of Arborists. This event allows the three best French arborist climbers to participate at the European Championships. The Champion of France can furthermore illustrate his talent at the World Championships.

To foster the emergence of talent at the highest level, a friendly structure named "Arboriste de France" was created by some of our partners to facilitate the modalities of participation of our champions (Registration, logistics, training and financial aspects) .

The Board of Directors of the French Society of Arboriculture (S.F.A.) has passed a delegation of the association "Arboriste de France" to simplify administration. Therefore, "Arboriste de France" is able to make registration of various French champions for ETCC and I. T.C.C. on behalf of the Société Française d'Arboriculture.

We remain at your disposal for further information. Yours faithfully,

Romain MUSIALEK  
Président de la S.F.A.
